General Plan Designation: N/A

Present Zoning: N/A

Existing Land Use: N/A

Agenda Sent To: N/A

Attachments: None

BACKGROUND

As part of the BART to Milpitas, San Jose, Santa Clara project, the VTA station design consultant will present two detailed architectural design theme concepts for the BART Milpitas Station at Montague Expressway and Capitol Avenue. City staff has had two meetings with VTA staff to preview and provide input on design, protocol and schedule. The Public Arts Commission will view the station designs at their March 26 meeting. With recommendations from the Planning Commission, the preferred station design will be reviewed at the April 5 Transportation Subcommittee and May 1 City Council meetings. The preferred station design will be included in the BART project 65% preliminary engineering plans, which will be adopted at the June 7, 2007 VTA Board of Directors meeting.

RECOMMENDATION

Approve the BART Station staff-preferred architectural design and recommend to the Transportation Subcommittee and City Council.
